Our Windsor Suite is Now Open Showroom Now Available for Viewing

We are delighted to announce the opening of our new Windsor Suite, with its beautifully designed bespoke bedroom furniture and extra special facilities.

At The Manor House Gosforth we provide outstanding care within a luxurious and homely environment.

The Manor House Gosforth has been over-subscribed almost since it opened in July 2010 and this new addition will help to address the on-going demand for quality care in the heart of the local community.

We look forward to welcoming people from within the local community and beyond.

Our luxury accommodation is superior in many ways but, most importantly, we have an experienced and first-class team to deliver an exceptional standard of individualised care and support for anyone who chooses to make The Manor House Gosforth their new home.

And there's more ...

We have created a wonderful outdoor area by extending and re-landscaping our garden. We have introduced additional seating areas and garden paths for taking a stroll through the beautiful gardens.

We have even added a lovely summerhouse so our Residents can make the most of the outdoors, even when the sun isn't shining.

For Residents in our Chesters Suite we have created a Village Square where they can meet up to chat and reminisce, and this leads onto a spacious outdoor terrace, with a lovely view of the garden to enjoy. *Our Chesters Suite is specifically designed for our Residents living with Dementia and other memory impairments.*

Everything we do is to ensure that our Residents enjoy living with us and have a great quality of life. Our aim is for everyone to feel independent and fulfilled.

I would be delighted to show you around our beautiful Home and provide you with all the information you need.

Pop in for a coffee or informal chat and see for yourself, or for your loved one. There's a great deal here to enjoy.

Ask about our transfer with ease package

We make all of the arrangements and offer a cost and trouble free package for anyone transferring from another care facility.
